

Journey into threats

Attack Signal Intelligence: detect and respond to known and unknown threats in real time

Massimiliano Galvagna | country manager Italy | mgalvagna@vectra.ai

The status quo

VOLATILITY

UNCERTAINTY

COMPLEXITY

AMBIGUITY

Yet, what we are striving for...

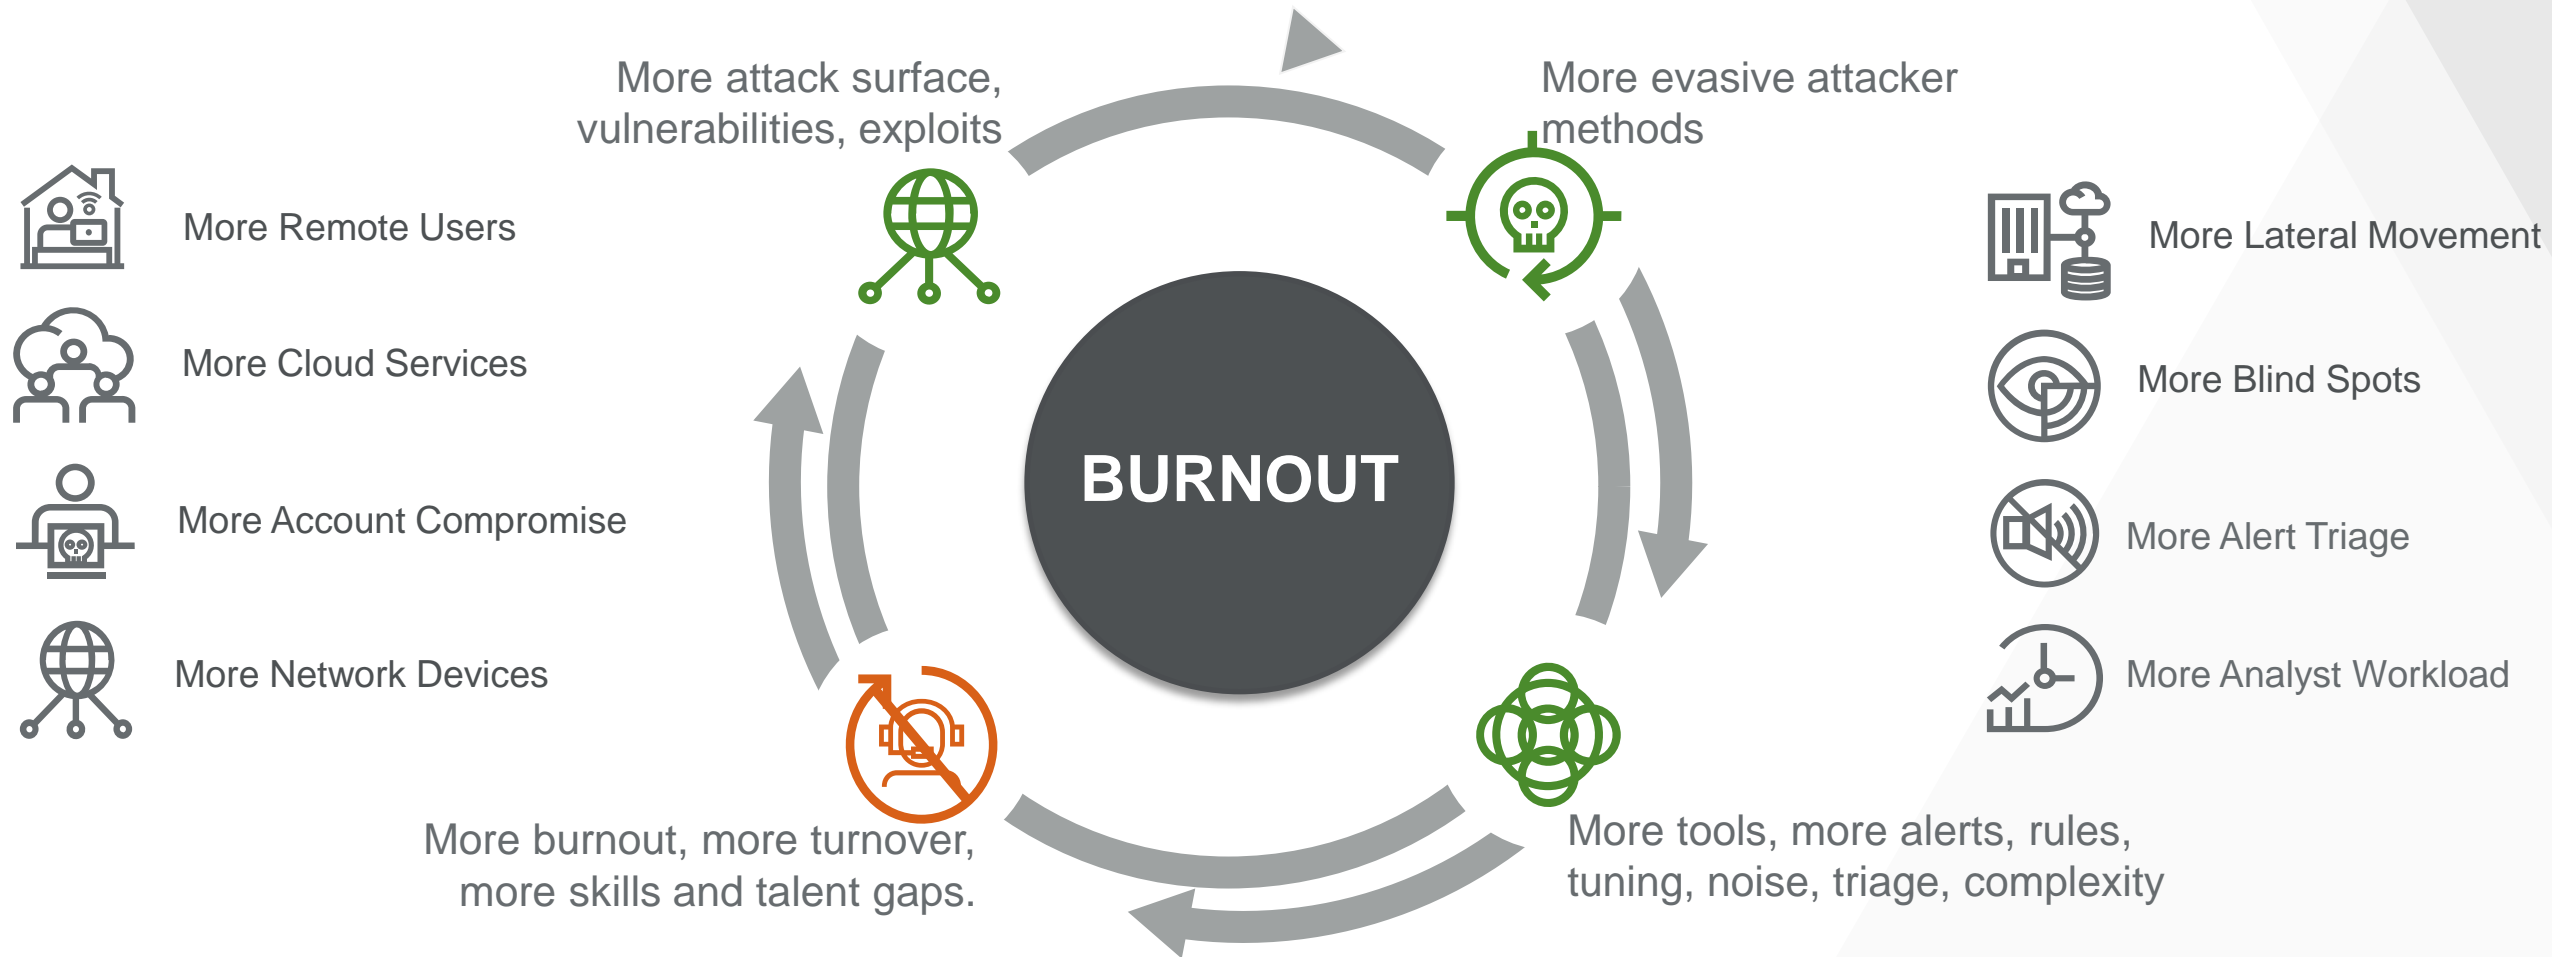

Turning to Cyber...

Summarize cybersecurity
in one word

MORE.

The one constant in security is **MORE**

Spiral of more

67% of defenders experience stress or anxiety in their personal lives
- IBM Security 2022

Yet the one problem
remains the same

The Unknown

The unknown

“It is time security vendors
are held accountable for
the **efficacy of their signal.**”

Kevin Kennedy | SVP Product | Vectra

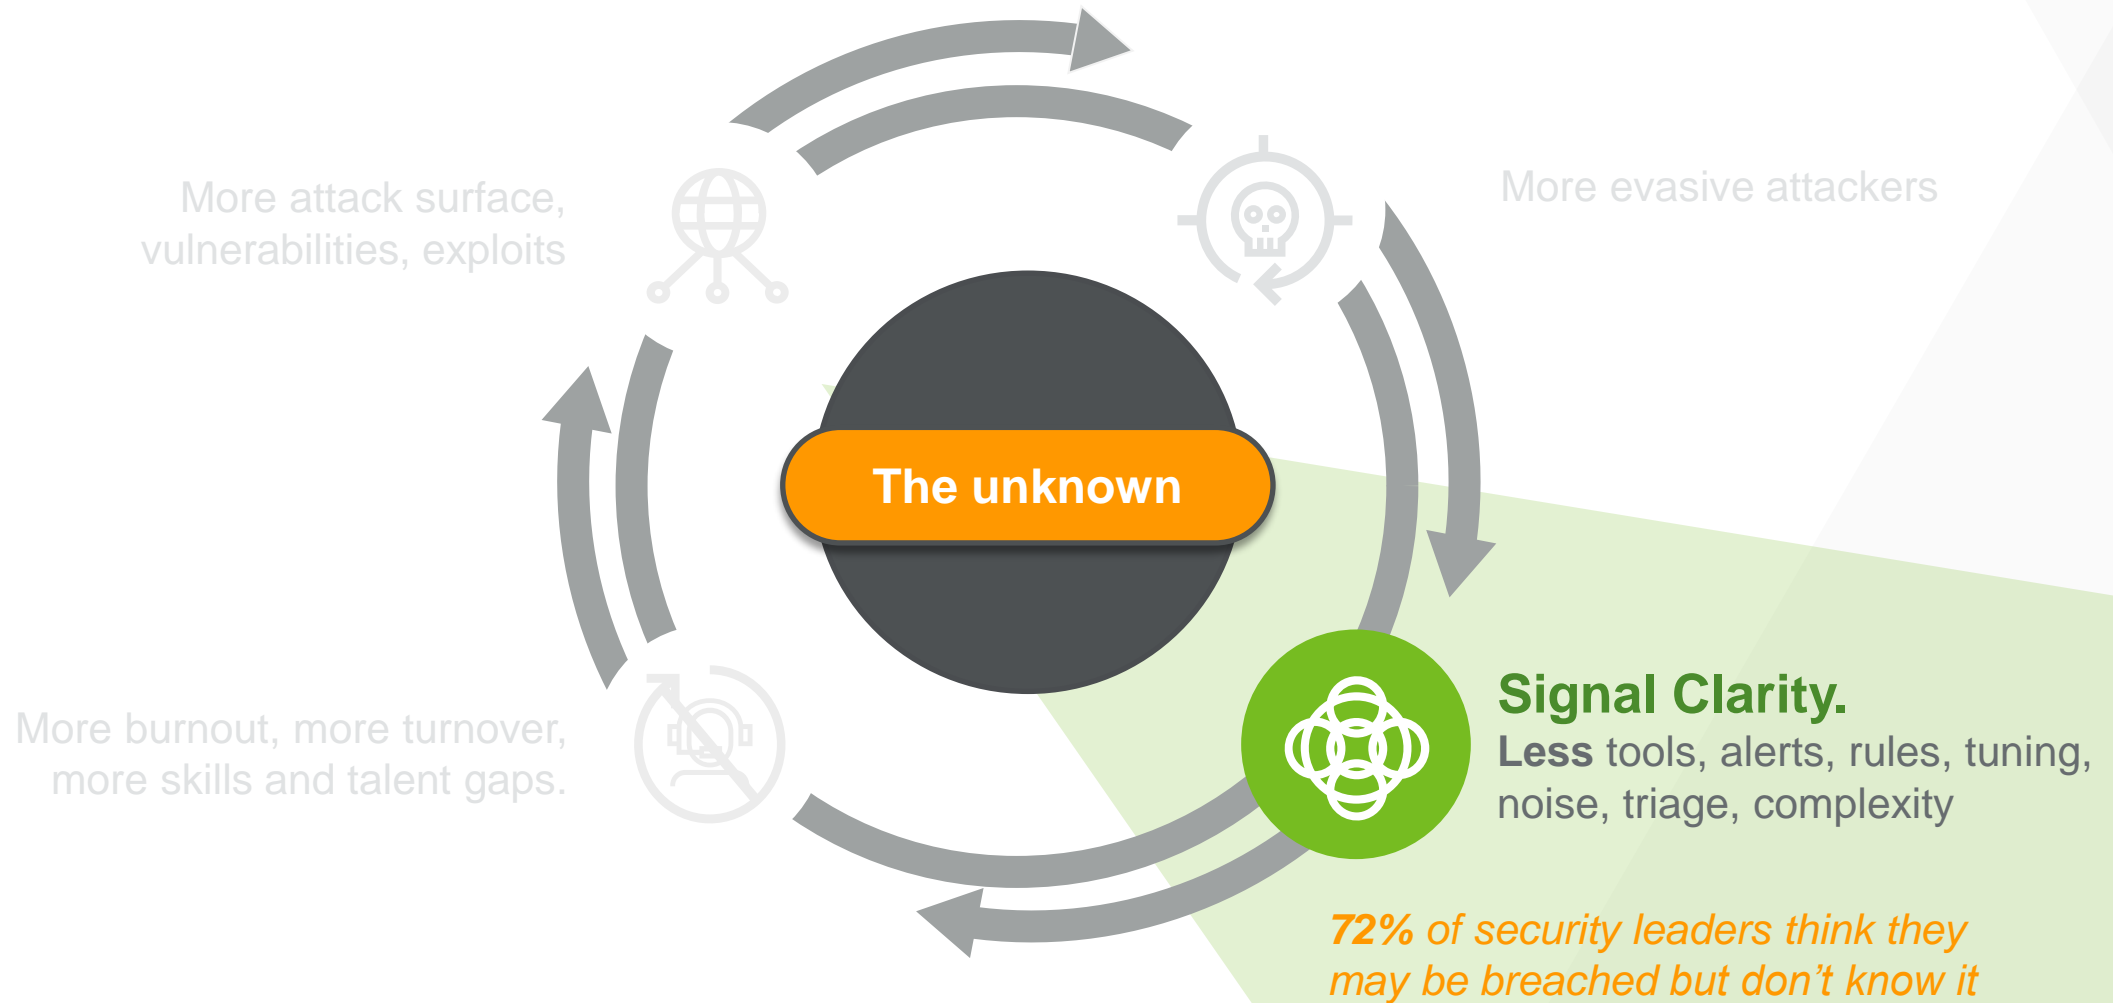

Signal is the only answer

This market will be won by the vendor who delivers the best signal at speed and scale.

Break the spiral, erase the unknown

The only “more” security needs is more **signal clarity**

Signal arms human intelligence

AI-driven Attack Signal Intelligence™
